

# LED Bollard Fixture

Standard Series

## WHY UPGRADE WITH EMIUM'S LED BOLLARD FIXTURE

Emium's LED Bollard fixture is a stunning and energy-efficient lighting solution that has a long lifespan. This luminaire is a significant improvement, as it is fully cut-off to ensure that light is directed downwards without any glare.

Its robust construction, durable finish, and long-lasting LEDs make it virtually maintenance-free. The bollard is perfect for illuminating building entryways, walking paths, pedestrian plazas, and other areas.

## FEATURES

- 360 degrees surround illumination with 80CRI
- Dark bronze polyester powder-coat finish.
- Operating temperature is -40°C to 40°C
- Robust ground cage pre-buried installation
- Optional emergency function for emergency needs
- Estimated 50,000 hour LED Lifespan
- UL/cUL wet location listed & DLC qualified

### Recommended Use:

- Building entryways
- Walking paths
- Pedestrian plazas
