

### ◆ FEATURES

- Edge-lit LED array with translucent diffuser provides uniform illumination
- Ultra-slim Aluminum Frame <0.5"
- External UL Listed Class-2 Constant Current Driver
- Multiple mounting options
- Suitable for damp locations
- Minimize labor and recycling costs
- Ease of installation and maintenance
- 0-10V dimming
- 5 Year Manufacturer's Warranty
- Emergency Battery option available
- Super slim design makes installation fast and simple
- No UV or IR and no RF interference
- Optional lighting controls (motion and light sensors) and emergency backup battery provide protection and conserve energy

**>50,000 Hour Life Rating**

# LED Panel Light

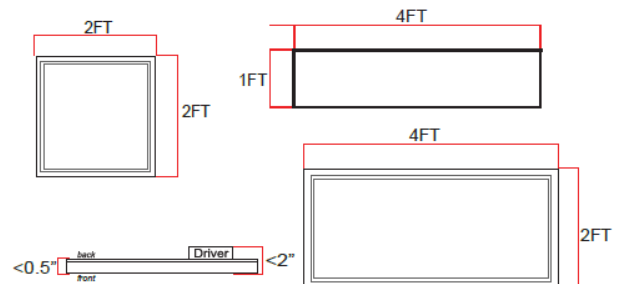

Panel light fixtures for general interior lighting applications. Ideal for commercial buildings, hotels, offices, museums, galleries, retail stores, plazas, supermarkets, etc.

Panels are available in a variety of shapes and sizes for direct retrofit replacement of fluorescent fixtures.

Comes standard with dimmable driver (0-10V dimming protocol) and a wide range of lumen output levels and light color selections.

Provides uniform light distribution without hot spots, flicker or glare.
