

◆ FEATURES

- Quick five minute installation
- External UL Listed Class-2 Constant Current Driver
- Multiple mounting options
- Suitable for damp locations
- Minimize labor and recycling costs
- Ease of installation and maintenance
- 0-10V dimming
- 5 Year Manufacturer's Warranty
- Emergency Battery option available
- 50,000 Hour Life Rating

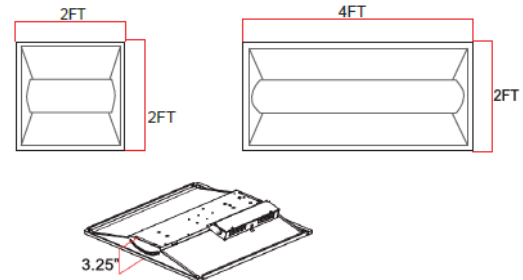

LED Troffer

The Emium Troffer is an ideal replacement for 2x2 and 2x4 fluorescent troffers. The troffers are designed to lay in drop ceilings in offices, schools, showrooms, airports, retail locations, and healthcare facilities. They provide an ultra modern look and perform at an industry leading 130 lumens per watt.

- Major Power Savings - Compared to fluorescent tubes, more than 50% less power usage dramatically reduces energy costs
- Lower Maintenance - Lasts 50,000 hours resulting in lower costs by reducing re-lamp frequency, especially in difficult to reach areas.

Comes standard with dimmable driver (0-10V dimming protocol) and a wide range of lumen output levels and light color selections.
