

There is a Better Way

LED Round High Bay

Monarch Series

WHY UPGRADE WITH EMIUM'S LED ROUND HIGH BAYS?

These Emium LED fixtures are designed to provide high-performance energy-saving LED illumination and exceptionally efficient heat-dissipation for many years of perfect lighting.

Photometric studies and analysis show that the performance of our 320W LED high bay meets the illumination from a 1000W metal halide HID high bay; using less than 30% of the energy.

All-around ventilated housing with Natural air convection design.

Air can fully pass through the gaps, thus removing the heat rapidly, and reducing temperatures by around 59 ° F. Ensures excellent performance and longer lifespan.

FEATURES

- Emergency Back up Battery Available
- Smart Control
- IP65
- High Lumen Efficiency
- Energy Saving Up To 80-85%
- Estimated 180,000 hour LED lifespan
- Die Cast Aluminum Housing
- Anti-UV PC Optical Material

Recommended Use:

- Stadiums
- Factories
- Warehouses
- Airports

LED Round High Bay

Monarch Series

320W

320 watts

Field Selectable

- 100-277VAC or 480VAC
- 155lm/W
- 5000K
- Beam Angle : 30°/ 60°/ 90°
- Dimensions: D: 16.5"x H: 4"

Options

- Motion Sensor - *custom order*
- PC Reflector - *custom order*

EL-AC-MHB320S-90D50-BK27V

Accessories

Poly-Carb Reflector
