

There is a better way

LED Stadium Light

Square Series

WHY UPGRADE WITH EMIUM'S LED STADIUM LIGHT?

The Emium Stadium Light transports you to the home turf of your favorite sports team or concert. Guarantee a unique experience for fans.

This 500-Watt LED fixture is light weight, small wind resistance, high brightness, and beam angle adjustable.

With Die-Cast Aluminum housing this lamp is beautiful in appearance and strong in safety. The long side holes increase the air convection of the power supply and effectively prevent the temperature from being too high.

FEATURES

- Reduces energy consumption and operating costs by 50% or more.
- Wind Resistance
- Estimated 50,000 hour LED lifespan.
- 5 Year Manufacturer's Warranty
- IP66 Rating
- Simple wiring, convenient operation, saving installation time.

Recommended Use:

- Outdoor Sport Arenas
- Shipyards
- Flood Lights
- Concert Venues
